

CL24320 DYNAMIC CONE PENETROMETER

CL24300K DCP KIT

The Civilab DCP is a rugged Australian made piece of equipment with a proven track record. The hammer assembly is a separate unit to which 900mm long graduated rods can be attached. The complete unit includes: 1x Hammer Assembly, 3 x 900mm rods, 1x Conical Tip, 1x Blunt Tip, 1x Flogging Piece.

CL24310/01 Conical Tip

CL24310/02 Blunt Tip

CL24310/03 Flogging Piece

CL24310/20 DCP Spanners

CL24310/25 DCP Grub Screw M10

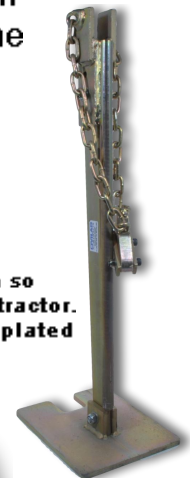

CL24310/21 900mm Extension Rod

CL24310/4 DCP Anvil

CL24310/10 DCP Hammer Weight 9kg

CL24330 Extraction Rod
Difficulty in removing rods is quite common so Civilab have manufactured a simple rod extractor. It is a must for DCP users and all items are plated for rust protection.
